COMMITMENT BY LEGRAND GROUP BRANDS & LEGRAND MANUFACTURING

Complying with the rules of business ethics is one of the Fundamental Principles of **Legrand Group Brands (M) Sdn. Bhd, (f.k.a. Megapower Legrand (M) Sdn Bhd) & Legrand Manufacturing (M) Sdn Bhd (f.k.a. Megapower Manufacturing (M) Sdn Bhd)**'s social responsibility.

The Group's main focus is on the following topics:

- Anti-corruption,
- Embargoes,
- Fraud,
- Fair competition.

Beyond my own personal commitment on these issues, I implement the awareness-raising and training scheme for my own teams with a view to proper enforcement of the Group's Compliance programme and of our internal procedures.

More specifically, I make sure my teams are trained in applicable rules and procedures and properly informed of the risks to which they may expose themselves or the company.

The Group's charters, procedures and good practice guides, along with related training media, are available on the Dialog Finance page, in a new section entitled "Compliance programme". They may be supplemented locally by our own internal procedures.

Each employee may consult their Compliance Officer, their Ethics Representative, their direct manager or the Group Legal Affairs Department to dispel any doubts or questions.

It is up to each individual working at **Legrand Group Brands (M) Sdn Bhd (f.k.a. Megapower Legrand (M) Sdn Bhd) & Legrand Manufacturing (M) Sdn Bhd (f.k.a. Megapower Manufacturing (M) Sdn Bhd)** to be vigilant in observing these principles.
